**Thank you so much for helping  
us carry the fire of faith to the  
next generation!**

### **Ministry & Equipping Highlights**

- We were able to train some leaders from 3 churches in Delaware to help fire them up for ministry in the fall.
- We have been visiting some of the churches who support our ministry on a regular basis to personally thank them and give them an update of our ministry.
- We have been able to meet with Pastors and leaders to help answer some questions about how to start this ministry in their churches in the fall.
- Thank you for your continued support of this ministry.

We enjoy this time of year as we help new churches start the Awana ministries. We have four as of now who are planning on starting in the fall. Now more than ever we see the need to share the Gospel with clarity and urgency in each club. We see God's hand of blessing with changed lives against all odds as churches reach more and more children with the gospel.

### **Impact Stories**

We had the opportunity to minister with fellow missionary Brian Lunger from Delaware in one of his local churches where we heard a great story of God's provision in a special way.

Their church was right beside a property which housed a big garage that was owned by an older gentleman who passed away. The church inquired to buy the property. They were saddened to see the property listed for a large sum of money that the church was not able to pay. But, this is where God stepped into the picture. While at a prayer meeting about the property the owner slipped a paper under the door of the church informing them that she was selling the building to them for \$10.00 .

They are starting Awana this year because they now have the space to do this type of ministry. Praise the Lord for His provision.

### Moss Moments of Praise

- We finally got our front porch fixed and look forward to painting and new railing to make access easier for our aging family members.
- Tammie continues to provide childcare for Beni. He is growing and learning every day. We are thankful he has Godly parents that want to train him up in the way he should go. He is one cool dude!
- Praise for the reports of great VBS numbers and the prayer that many of those same kids will join the Awana club in the fall.
- For the Gettysburg Baptist Church who is restarting Awana after a 15-year hiatus

### Moss Moments of Prayer

- Prayer for Tammie's mom, she is now under the care of hospice. We need additional care givers, wisdom and understanding.
- Prayer for the churches who are still trying to start Awana but for many reasons are not able to at this time.
- Pray for me as I was invited to present the gospel and Awana to several Amish families on the 7th of August.

## From the Awana Global Headquarters

Can you think back to a specific task or goal you wanted to accomplish and what it took to check it off your list? Perhaps you started with high levels of drive and motivation, and by the end, barely squeaked out that checkmark of completion. Or, maybe you stayed strong until the end, disciplined by your drive and hope for achievement. Either way, once you completed that goal, you set it aside and moved on to something else.

Often, we look at discipleship as a "one then done" type of objective when in reality, it's a daily rhythm we consistently engage as we look to be transformed from the inside out. "Walking in the truth" isn't a task we check off our to-do lists; it's choosing to follow Jesus in each and every moment of our lives. 3 John 1:4
